Manage music directly
from the touchpad.

Explore the complete Gecko Experience Line

Gecko touchpad

Smarter control

Easy from the first touch

Everything you need, exactly where you expect it.

Intuitive

No manuals.
No confusion.

Clear

A large display
for effortless
reading and control.

Natural

The patented spamap™ interface makes spa control feel instantly familiar.

The experience you see and feel

Gecko app

Your spa, ready when you are.

Control temperature, lighting and massage, manage energy and take care of water from one place.

Gecko seatcontrol

Your settings, right where you sit.

Control pumps, lights, music and more without interrupting the moment.

Gecko beatbox

Your music, right where you relax.

Integrated audio controlled directly from the touchpad for an experience that feels built in, not added on.

Less navigating.
Less adjusting.
More enjoying.

The technology you don’t have to think about

Gecko smartbox

Everything working together.

Connectivity, automatic updates, real-time spa data and remote diagnostics keep the experience running smoothly behind the scenes.

Gecko powerbox

Power built for seamless operation.

Reliable control, up to 5 lighting zones, and a flexible platform built for connected accessories and future updates.

Gecko waterlab

Clear water. Without the guesswork.

Continuous monitoring and guided recommendations simplify water care while the hardware stays hidden under the spa.

Designed to feel effortless. Engineered to perform.

One connected experience

Designed around the way people enjoy their spa

That’s the Gecko Experience Line

Built to work together

Control
Comfort
Power
Water care
Lighting
Sound

One connected approach to a simpler spa experience.
