Experience Line

Gecko **touch**pad

Smarter control

Easy from the first touch.

Intuitive

No manuals. No confusion.

Control your spa from the first touch.
Our patented spamap™ UI feels natural.

Clear

A large display for effortless reading and control.

Thin so it melts into the spa design, trendy with black textured rim, sharp edges and a minimal inactive area, giving maximum visual comfort.

Natural

See more. Control better.

A high-resolution 9.35” display that integrates beautifully with the spa. Read and control your spa comfortably, without effort or confusion.

Gecko **touch**pad

Overview

User interface

Designed and tested with users! Away with industry jargon and custom icons and welcome to everyday language and visuals.

Spamap™

Built and proven through over 2,000 real-world uses, delivering an intuitive start to your spa experience.

Adaptive display system

Built for perfect visibility, brightness automatically adjusts to your environment, keeping the screen clear and comfortable to read, day or night.

Built-In intelligence

Built for smarter performance, integrated sensors optimize energy use while adding an extra layer of protection to your spa.
