Guía de búsqueda / Search guide

Búsqueda manual por serie / Manual search for collections

1. Identificar producto y serie a la que pertenece el recambio, ayudándose del índice del documento. / Identify the product and collection of spare part with index help.
2. Identificar el recambio en el dibujo explosionado. / Identify spare part in exploded drawing
3. Examinar la tabla de recambios para encontrar la referencia correcta (en caso necesario, aplicar la terminación del acabado). / Examine the spare parts table to find the correct reference (if needed apply finished code).

Búsqueda digital por referencia / Reference digital search

1. Abrir el documento en formato .pdf. / Open document in .pdf format.
2. Introducir en el buscador la referencia del producto excepto los 3 últimos dígitos. / Insert product reference in searcher except 3 last digits.
3. El buscador te llevará a la página correspondiente al producto, una vez ahí identificar el recambio en el dibujo explosionado y su código en la tabla de recambios. / Searcher will take you to product page, identify spare part in exploded drawing and code in spare part table.
